PLANNED WATER SUPPLY DISRUPTIONS TO BE IN MASERU FROM 8 TO 11 AUGUST 2017

Management of Water and Sewerage Company (Pty) Ltd (WASCO) wishes to inform the Public of the planned works that will affect the Maseru City water supply for four days. The CBD and most parts of the capital will be affected. This will apply to the general public, government offices, schools and business premises from the 8th to the 11th of August, 2017. Areas supplied by the Maseru Water Supply and Tikoe Thetsane will not be affected by this service disruptions. These include Thetsane and Khubetsoana.

This is due to maintenance which entails welding works to be undertaken at the inlet of the Mpilo reservoirs. To minimize the impact of water shortage, water shall be rationed in line with the work days' schedules. All customers are advised to store enough water before this time and use it efficiently.

For further enquiries and clarifications please contact the following numbers:

22262007

WASCO regrets any inconvenience that will result from water supply disruptions.
